Never heard back on this. Do you have a timeframe your guys can get out to Albina? I'll be there Tuesday and possibly Wednesday next week also, if today or tomorrow doesn't work for your schedule.

Hi Eric, can we get one of your guys out to run a couple network cables in the Albina Co shop? We need some additional cables run from the east shop switch to our shipping department area. Let me know when you might be able to schedule someone to swing by.

Thanks,

Sam
