Subject: Lee Meeting

Caution - External Email

Hi Natasha:

We were at Lee yesterday with Kirk and the MacMiller team. The only identified issue was that the cables we had coiled in the boiler room had not been run the the boiler control panels by MacMiller. Kirk asked me to send a change order to you to install conduit from the wall where the coiled cable is located to the two boiler control panels. I have attached the change order for that work. Let me know if you have any questions. Thanks!

Erik
