Erik,

It's NOT high priority, I am free Thursday morning this week if you want to meet me their at 8:00?

Subject: Re: Public Works Building Work

Hi Shane:

Do you have a time that works best for you? We can schedule this for Thursday. If you need it done sooner, let me know and we can figure it out.

Erik

Erik,

Our Parks Maintenance department did some construction on a wall that had 3-4 data cables in it. This construction is right next to the server room so if you need to re-pull cable it should be pretty easy. When could we schedule someone onsite to do that work?

Thank you
