Hi Adam,

The pictures were perfect. Thank you!

See the attached quote for this one. My only real question mark is on the network infrastructure. I don't recall if and where we have available ports on the switch, so I added an exception to the quote that excludes switching. If we need one, that will be an additional cost. I'll bring one just in case. Let me know if you have any questions.

Thanks,
Eric

We would also want it to be a wide shot so it covers the whole room.

Hey Eric,

I attached a few pictures of the room. It will be in this room directed toward the key boxes on the wall. There is a drop ceiling as well. Let me know if you need anything else.

Hi Adam,

Thanks for the message. Can you give me a quick overview on what you're trying to cover? That will help me spec out the correct camera. Also, remind me if that area has a drop ceiling. Any pictures you can send would be tremendously helpful.

Thanks,
Eric

Subject: Additional Camera at Courtyard Marriott Corvallis

Hey Eric,

Hope you have been well. We were wondering about getting an addition camera set up here at the Courtyard. It would be near the room with the current server, so you wouldn't have to run cable too far. If you could provide us a quote and a potential timeline of installation that would be great.

Thanks!
