Hi Erik. I hope everything went well with Carolyn's doctor follow up.

I spoke with Joshua, our Systems manager and we have two issues at Parr lumbers, and Andrew/Mike installed both of them. We just have not had time to send techs to do two small ladder jobs. At MLK we have a camera that was installed but not added to the NVR, so it needs to be defaulted. At Rockwood, we are still having issues with the two cameras on the pole viewing east to the storage yard. Joshua has the full information.

We also may have one more Parr for you to look at running a cable, but I will let Joshua decide that. Joshua can be reached at the above email or by cell at 971.708.9111.

I realize the above is not many hours, but if you would accept them, it would help us out. No problem if you would like to pass. AND, there might be more in the next couple of weeks. Thank you. dave

Respectfully,
