Wow, we will probably take you up on some/most of these. Actually, Parr would like Newberg before Vancouver, so it might be the end of this month, or sooner if you have time and then Vancouver. We will go from there.

Being a little specific, would the week of 10/23 possibly work for Newberg? We sure appreciate working with you and your team. dave

Hi Dave:

Thanks for the email (your texts are never a bother!). We would love to do both Newberg and Vancouver - I already have Vancouver Parr tentatively on our schedule for the last week of October. We can figure out Aloha and Hillsboro as well if that helps you out.

I REALLY appreciate being able to work with you - thank you!

Erik

Hi Erik. I didn't want to bother you with a text. I know you have the BIG job for the winter. I have ordered parts for two Parrs, Newberg and Vancouver and today received approval for Aloha(Logistics) and Hillsboro (add cameras). We have added an additional technician, so we are a LITTLE better off, but I thought I would check now for towards the end of October and possible the first couple of weeks in November for a couple of 4-5 day installs?

No problem, if you need to focus on your BIG job, I just wanted to offer one or both to you first. Take a look at your schedule and get back to me next week with the probability? Have a relaxing weekend with your family. dave
