Hi Jason:

That's an unusual request. Do they have active service that they are planning to roll while we test? Let me know. Thanks!

Erik,

I think that will work fine. Can you confirm that you will test only (2) fibers at a time with an OTDR tester and provide electronic copies of the results? This is being requested by my customer.

Thanks,

Erik/Josh,

Been awhile, I hope your both doing well! I am reaching out this morning to see if you could fit in a last minute fiber test for us at the Cleanwater Durham facility where you have worked on fiber for us before?

We installed (2) 48 fiber cables with connectors and (1) 12 fiber cable. We need all cables tested.

Do you have time this week?

Thanks,

Jason Pitts
