Erik please proceed right away. Fire Rover will be onsite 6/23 so we need to be ready. Is that possible?

Hi Lydia:

Andrew met up with Hassan this morning and took a look at the project. We can do this tomorrow if you would like. Let me know. It shouldn't be a problem as the original contractor installed conduit and completed installation of one of the cables. Let me know if tomorrow works for you. Thanks!

Hi Erik- just left you a VM. Hassan will be on site at south if you or your guy Andrew could meet to walk the job we need. It is very high priority for us and an emergency because my PM is down who would normally coordinate. Hassan will be at South at 8:30 tomorrow. Thanks Lydia
